iBooks Textbooks have the same content as the print textbook **PLUS:**

Engaging Multimedia

Video tutorials, animations, audio readings, documentary clips, and interactive graphics offer students multiple ways to learn at their own pace.

Personalized Note-taking Tools

Note-taking and highlighting tools enable students to create a personalized study system. Notes turn into digital flashcards, and a digital notebook keeps everything organized.

Better Readability

Fewer passages per page make it easier for students to read without getting overwhelmed, and they can find information quickly using the search function.
